

October 21, 2002

Michael Joseph
715 NE 15th Avenue
Fort Lauderdale, Florida 33304

Dear Michael:

I tried unsuccessfully to e-mail the pictures we took during your visit to Teterboro Airport and our stop at Newark on October 15, so I burned them onto the enclosed CD that I hope you will be able to open.

Thanks for bringing your banner to us not only once, but a second time on October 16. I apologize again for the delay on Wednesday. Had I known that the sponsors of that day's event, who implored us to ask for your return, would so ungraciously keep you waiting for hours, I would have withdrawn the invitation.

We wish you success in getting your Banner-a permanent display at the Smithsonian.

Now that your journey is complete, I hope you find peace and order will return, and that you can get back to the normal frantic routine of photography.

Sincerely

Paul Bolognese
